

COMMUNITY MEMO

01/06/2018

Life is not about how you survive the storm. It's about how you dance in the rain.

Hello and best wishes everyone for the long weekend with family and friends.

The children have engaged beautifully with the nature based front playground and the creative opportunities it presents are evident in their play and negotiations, positive and life-giving.

At this stage we anticipate the installation of the multi-purpose room and re-location of the Cottage to occur during the mid-semester break and will let you know if this becomes confirmed.

Please feel very welcome to log onto our Website and/or Facebook to engage further with ongoing school operations and activities such as the Winter Festival to be held this term.

Our assessment schedule is implemented further this term and it also helps inform the school reports the teachers are putting together. The reports will be distributed on Monday June 25 (Week 9) with Parent-Teacher interviews to be scheduled for the Thursday pm and Friday of that week. Forms will shortly be sent home requesting your preferred interview date/time.

A reminder also that you are very welcome to make an appointment through Reception to meet with myself on a Tuesday each week.
